RETURN ON RATE BASE COMPUTATION

- 1. The data used in calculating rate base are averages.
- 2. Calculate those averages by summing the first-of-year and the end-of-year figures for each account and then dividing the sum by two.
- 3. Note: Do not include property held for future use or construction work in progress with utility plant in service. These are not rate base components.

1999 Analytical Review DWCCA-405-ELE

Dear Mr. Masterjohn:

The Public Service Commission (Commission) is in the process of completing an analytical review of your utility's 1999 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that our review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

- 1. During our review, we noted \$4,639 reported added to Account 348, Hydrants, on the Water Utility Plant in Service schedule. However, no corresponding hydrant units additions are reported on the Hydrants schedule, page W-18. Please furnish an explanation.
- 2. During our review, we noted \$55 retired from Account 346, Meters, on the Water Utility Plant in Service schedule. However, no corresponding units were retired from the Meters schedule, page W-17. Please furnish an explanation.
- A footnote to the Water Utility Plant in Service schedule indicated meters not capitalized in prior years were disposed of. We don't understand the footnote. Capitalizing a meter means adding the dollar amount (the cost of the meter and installation) to the plant account 346. If the meters were never capitalized (i.e. recorded in Account 346, Meters), there are no dollars to retire from Account 346.

In addition, please explain the \$(177) adjustment to Account 346, Meters.

- 3. On page F-2, we noted \$368 reported in Account 434, Miscellaneous Credits to Surplus described as "capitalize py meters." Again, the meters would be capitalized by adding the cost of the meter and installation to Account 346, Meters. If the \$368 represents meter additions, please do an adjusting entry in 2000 to record \$368 in Account 346, Meters and adjust Account 216, Unappropriated Earned Surplus as necessary.
- 4. During our review, we noted Water Services additions on page W-16. A footnote to that schedule indicates the services were contributed. No contributions for services are reported in Account 271, Contributions in Aid of Construction. It appears the entire amount may have been booked as contributions for mains. Please be sure the dollars booked to Account 271 are properly broken down and identified as mains and services, etc. on the utility books.

FINANCIAL SECTION FOOTNOTES

5. If the employer's share of Social Security taxes on wages and salaries is paid by the utility, Taxes, Account 408, should be charged with the expense. If Social Security taxes are paid by the municipality, the utility's share should be charged to Account 408, Taxes, with the offsetting credit made to Account 233, Payable to Municipality. If the municipality will not require reimbursement for this expense, then the liability may be written off to Account 216. During our review, we noted no Social Security taxes were reported in Account 408, page W-6. A footnote to this schedule indicates "this utility is not liable for tax." Please furnish an explanation of why the utility is not liable for Social Security tax.

We appreciate your cooperation in providing the above information. These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me at (608) 266-3768. Please respond within 30 days of this letter. If it is convenient for you to respond by e-mail, please do so. My e-mail address is engele@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,

Elaine Engelke Financial Specialist Division of Water, Compliance, and Consumer Affairs

Response from Anderson Hager Moe, 7/13/00:

- 1. added units 1998, with no \$. \$ 1999 were for those units.
- 2 No units were retired.
- 3. Prior year meter \$ were in plant additions, \$177 is the retirement adjustment for prior year meters and a/c 216, is balancing entry.
- 4. Books are properly broken down between mains and services.
- 5 No Social Security tax because no wages are paid.

WATER SERVICES

- 1. Explain all reported adjustments as a schedule footnote.
- 2. Report in column (h) the number of utility-owned services included in columns (c) through (g) which are temporarily shut off at the curb box or otherwise not in use at end of year.
- 3. For services added during the year in column (d), as a schedule footnote:
 - a. Explain how the additions were financed.
 - b. If assessed against property owners, explain the basis of the assessments.
 - c. If installed by a property owner or developer, explain the basis of recording the cost of the additions, the total amount and the number of services recorded under this method.
 - d. If any were financed by application of Cz-1, provide the total amount recorded and the number of services recorded under this method.
- 4. Report services separately by pipe material and diameter.
- 5. Identify pipe material as: L (Lead), M (Metal for all other metal excluding lead), A (Asbestos-cement) or P (Plastic for plastic and all other non-metal excluding asbestos-cement).

HYDRANTS AND DISTRIBUTION SYSTEM VALVES

- 1. Distinguish between fire and flushing hydrants by lead size.
 - a. Fire hydrants normally have a lead size of 6 inches or greater.
 - b. Record as a flushing hydrant where the lead size is less than 6 inches or if pressure is inadequate to provide fire flow.
- 2. Explain all reported adjustments in the schedule footnotes.
- 3. Report fire hydrants as within or outside the municipal boundaries.
